- **Over the timespan 2006-2015, what were the numbers and percentages of females within Chaplain Corps annually?**
  - **Number and percentage of male/female chaplains within AF Chaplain Corps Active Duty are as below:**

Year		06	07	08	09	10	11	12	13	14	15	16
Male	#	573	527	512	498	499	454	443	444	453	468	453
	%	95	95	94	95	95	94	94	94	94	93	93
Female	#	31	29	30	28	28	27	26	26	31	36	33
	%	5	5	6	5	5	6	6	6	6	7	7
Total		604	556	542	526	527	481	469	470	484	504	486

- **What are individual Services' accession goals for the Chaplain Corps (to include the female percentage breakdown) over the next five years (2016-2021)?**
  - **Accession goal is to access qualified chaplains regardless of gender**
  - **AF strives to recruit as many qualified female chaplains as possible, but there are challenges/limitations, such as some denominations do not recognize/allow female chaplains**
  - **A target would be to match the percentage of women in the AF**

- **How are female Chaplains tracked for assignment purposes?**
  - **Female Chaplains are assigned based upon the Commander's requirement (a validated need for a female chaplain requested through AFPC) and to ensure they have full career development opportunities**
