

2.B. Grooming Standards

Grooming standards are based on several elements including neatness, cleanliness, safety, military image, and appearance. Forms of altering an individual's appearance, such as the use of cosmetics, hair color or styles, colored contact lenses, fingernail color and length, tattoos, body piercing, branding, intentional scarring, etc., that are not in the keeping with the customs, traditions, and spirit of military appearance are not acceptable for Coast Guard personnel in uniform. If a member's official I.D. Card photo no longer resembles the appearance of the member, it is the member's responsibility to obtain a new official I.D. Card with an updated photo as soon as possible. It is impossible to provide examples of every appropriate or unacceptable hairstyle or "conservative" or "eccentric" grooming, therefore the good judgment of leaders at all levels is key to upholding the Coast Guard grooming policy. The appropriateness of a hairstyle must also be judged by its appearance when headgear is worn. All headgear shall fit snugly, properly, and comfortably on the head without distortion or excessive gaps. Hair shall not be visible below the front brim (combination or ball cap) or extend beyond the forward point of the garrison cap.

The Superintendent, Coast Guard Academy; Commanding Officer of Training Center Cape May; and Commander, Telecommunication and Information Systems Command (parent command for Coast Guard Honor Guard) are authorized to establish more restrictive grooming standards for cadets, officer candidates, enlisted recruits, members of the training command's permanent party, and Honor Guard members. Restrictive grooming standards are not applicable to tenant commands of the units authorized to establish such restrictive standards. The table below describes general grooming requirements.
