DACOWITS RFI #1.3

Military Services' Medical Waiver Review Authorities (SMWRAs)

■ **Deep dive into medical waivers process**

- CNRC prioritized reduction of medical waiver backlog and process improvement
- Led sprint to review entire applicant backlog → Resulted in a 94% reduction
- Engaged with MEPCOM for insight into the medical waiver process
- Accelerated waivers for specific conditions with >85% approval rate
- Avg time to process took over 30 days → Current avg time is 7 days → Goal is to get to 3 days
- Average time to review a case is 20 minutes → Time is in multi-stage process

■ **Top female-specific disqualifying conditions waived:**

1. Abnormal Uterine and Vaginal Bleeding
2. Anemia
3. Polycystic Ovarian Syndrome
4. Abnormal Cytological
5. Endometriosis

■ **Pregnancy and abnormal pap smears**
