Women's EQUALITY Day

Joint Resolution of Congress, 1971 Designating August 26 of each year as Women's Equality Day

WHEREAS, the women of the United States have been treated as second-class citizens and have not been entitled the full rights and privileges, public or private, legal or institutional, which are available to male citizens of the United States and

WHEREAS, the women of the United States have wanted to assure that those rights and privileges are available to all citizens equally regardless of sex and

WHEREAS, the women of the United States have designated August 26, the anniversary date of the passage of the Woman's Suffrage Act, as a symbol of the continued fight for equal rights and

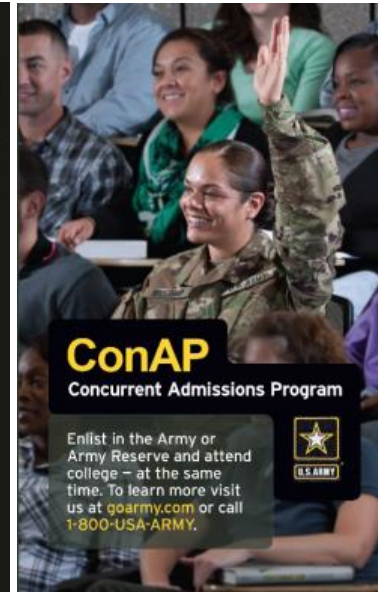

WHEREAS, the women of the United States are to be commended for their leadership in the

NOW, THEREFORE, BE IT ENACTED, by the Senate and House of Representatives of the United States of America in Congress assembled, That August 26 of each year be designated as Women's Equality Day and the President be authorized and requested to cause Proclamations, annually to issue on or about that day or holiday, in which the "National Archives Act" that gives the right to view "22 and 1920" on which a nationwide observance for women's rights took place.

Col. Kristin Ghose and Capt. Terri "T" U. Ghose (front) are the first female gunners for U.S. Army Foreign Armies.

JOIN THE **TECHNOLOGY TEAM** THAT MAKES A DIFFERENCE

The **United States Army** continues to be one of the most innovative research organizations in the world according to Thomson Reuters, a multimedia organization that publishes the annual Top 100 Global Innovators. With more than 300 Army technology patents in less than three years, the Army is in the company of some of the world's leading innovators like Apple, 3M and DuPont. Whether our team of over 12,000 Army scientists and engineers are creating enhanced body armor, combating traumatic brain injury or creating a vaccine to guard against the Ebola virus, the Army is at the forefront of innovation and technology.

If you would think you have what it takes to join our team on the leading edge of technology then reach out to an **Army Recruiter** in your area and ask where you might fit into our elite scientific community.

To find out more information on this elite component of Army service go to goarmy.com/careers-and-jobs/about-army-stem/technology-jobs or view our technology video at <http://youtu.be/byvQgP47cBc>

FOR OUR **CYBER WARRIORS** THIS IS THEIR BATTLEFIELD.

U.S. Army Cyber Warriors are on the front lines of our nation's cyber defense. National security cannot be compromised and there are those who will not relent in their pursuit to damage our defenses or disrupt our way of life. When all is silent in the night, the adversary crawls through the digital world seeking our systems, data, and security. **Army Cyber Warriors** safeguard against those who seek to do us harm and steal our information. Steadfast and focused on our country's interests, the **Cyber Operations Specialist** remains steps ahead and committed to protecting our way of life.

Join the team that fights the silent adversary. Execute offensive and defensive cyberspace operations in all facets of military operations. Learn to use the most advanced technology to target the activities of the enemy while ensuring our nation's freedom of maneuver within the cyberspace domain.

If you are of high character, devoted to the cause, and have the drive to serve with the best, you may be the one to help lead us in protecting this great nation against cyber terrorism.

Find out more at goarmy.com/cyber or goarmy.com/team (click on 'play Cyber Warriors')

**PREPARE FOR TOMORROW'S
CHALLENGES TODAY.**
