

RFI Category and Number: Women in Aviation, RFI 8

In accordance with DACOWITS' Terms of Reference, the E&I Subcommittee will assess the number and percentage of female aviators, as well as factors and policies that may influence female aviator retention and promotion potential, such as recruiting, aircraft/duty assignments, mentoring, pregnancy, healthcare, operations tempo, aircraft design, and flight equipment. In addition, the E&I Subcommittee will examine trends in, and policies related to female aviation accession and identify actionable solutions, as required.

RFI Question:

To better understand why women in aviation (specifically pilots, flight officers, and aircrew) are leaving military service and aviation-related duties, the Committee requests a written response from the Army, Navy, Marine Corps, Air Force, Coast Guard, and National Guard on the following:

- What is the total number of women (officer and enlisted) serving in aviation, for both the Active and Reserve components? Please provide for data for the following fiscal years: 2001, 2006, 2011, 2016, and 2021. Provide whole numbers, percent of total community, and a breakdown by component, specialty/MOS, and rank (e.g., E1-E9 and O1-O10).
- Have the Services (to include the Reserves) conducted retention studies and/or administered surveys to women in aviation? If so, please provide relevant reports, executive summaries, and/or associated survey findings.
- Have the Services (to include the Reserves) conducted exit studies and/or administered exit surveys to women in aviation? If so, please provide relevant reports, executive summaries, and/or associated survey findings.)

RFI Response 8a:

We conduct an annual employee engagement survey called the Health of the Force Survey which includes questions about career intentions and influences to stay/leave. We do not have a breakout of these results for female Aviators.

RFI Response 8c:

As stated above the women in aviation indicate Impact on Family, Civilian Job Opportunities, Work-Life Balance, Leadership, and Career Assignments are the primary reasons for leaving the Navy.
